SUMMARY

As a lifelong learner with an insatiable curiosity and a deep passion for programming, I am constantly seeking new challenges and opportunities to expand my knowledge and skills. My journey in the world of technology is driven by a relentless pursuit of innovation and excellence. My dedication to programming is not just a career choice, but a reflection of my commitment to continuous learning and improvement. I thrive in environments that push the boundaries of what is possible, and i am always eager to explore the latest technological advancements. My goal is to make a significant impact in tech industry by developing solutions that are not only efficient but also transformative.

PROJECTS

[MauHealthy](#)

An innovative web platform designed to help users track their daily calorie intake and monitor their Body Mass Index(BMI). This user-friendly website offers a comprehensive solution for individuals

seeking to maintain a healthy lifestyle. With its intuitive interface, users can easily log their meals and get real-time feedback on their nutritional intake, assisting them in making informed dietary choices.

Tech stack: CSS, HTML, Tailwind, Javascript

MauAkunPremium

A dynamic website specializing in the trading of premium accounts for various digital services, including Netflix, Disney+, and more. This platform serves as a marketplace for users to buy and sell access to premium content and services. Its secure and user-friendly interface provides a seamless experience for those looking to enjoy premium digital entertainment without the long-term commitment of individual subscriptions.

Tech stack: Express.js, EJS, Nodemailer, Tailwind css

MauKetik

Mauketik is an engaging multiplayer web game centered around typing accuracy, reminiscent of popular platforms like 10fastfingers. This interactive game challenges players to improve their typing speed and accuracy in a fun and competitive environment.

Tech stack: React.js, Redux, Express JS, PostgreSQL, Socket.io, Tailwind css

MauMain

MauMain is an innovative web platform designed to connect individuals seeking companions for their favorite sports activities. Recognizing the challenge faced by many sports enthusiasts who lack partners to play with, MauMain offers a unique solution by facilitating connections between players. This not only enriches the sporting experience but also fosters a sense of community among like-minded individuals.

Tech stack: React native, Expo, MongoDB, Express, Typescript, Nativewind
